

## STATEMENT REGARDING COVID-19

Dear Friends,

Until further notice, we have moved to an entirely online concert schedule. We hope that our nightly broadcasts will help you relax and stay positive as COVID-19 presents its challenge across the globe.

While we can't be together in person, we're sending the music you love straight to your living room. Using the three robotic broadcast cameras mounted in our listening room, our ace tech team livestreams concerts on our **YouTube** channel ([www.YouTube.com/CaffeLena](http://www.YouTube.com/CaffeLena)) and **Facebook** page ([www.Facebook.com/CaffeLenaInc](http://www.Facebook.com/CaffeLenaInc)). Our livestreams are among the highest quality small venue streams available. Enjoy these performances in real time and use the chat feature to be part of a community of music lovers.

During the broadcast, please visit the virtual tip jar to help our musical family stay strong during this challenging time.

Thanks for staying engaged and helping our historic venue survive this crisis.

Sincerely,

*The Caffè Lena Staff & Board of Directors*
