Fall 2021 COVID-19 Guidelines at Caffè Lena

VACCINATIONS REQUIRED: We're very pleased to have you return to Caffè Lena for a live performance. Because you may be sharing a table with other parties, **we are requiring all attendees, as well as performers, staff and volunteers, to be vaccinated against Covid-19.** For the safety of the group we not making exceptions for children or for people unable to be vaccinated for medical reasons. We do not accept same-day tests in lieu of vaccination.

So that we can properly enforce this policy, please have your CDC Covid-19 Vaccine Card, a phone photo or photocopy of the card, or your Excelsior Pass ready to show at the ticket counter. Once we've checked your card we'll usher you to your seats.

MASKS: In keeping with guidance from Saratoga County and the CDC, Caffè Lena will be Masks-On for the foreseeable future. Wear it when you arrive, take it down if you're eating or drinking, put it back on when you're done. By working together we can prevent infections at concerts, and that means we're all helping to keep live music alive.

CHILDREN'S PROGRAMS: Vaccinations are not required at LITTLE FOLKS CONCERTS, where we'll set up the room in pods. For these restricted capacity shows geared toward young children, unvaccinated attendees are allowed but must wear a mask when not seated. Vaccinations are also not required for the CAFFÈ LENA SCHOOL OF MUSIC YOUTH TRACK. In-person youth students will be masked and socially distanced.

ADDITIONAL SAFETY MEASURES

- We use portable HEPA filtration units in the performance space. The units run on high before and after the show, and they continue to clean the air on a quiet setting during the performance. In addition, UV lighting has been installed in our HVAC ducts.
- Our kitchen is open and our volunteers are ready to take your order for some of our most popular staples: chocolate chip cookies warm from the oven, the farm-to-table cheese sampler, FTO coffee, tea, soft drinks and a carefully selected variety of wine and beer. See our Menu page for current offerings.

If you have questions about safety or have a special need to discuss (for example, you are vaccinated but you have another medical reason for wanting a private table), please don't hesitate to reach out to us at 518-583-0022 or email sales@caffelena.org.

Along with our music colleagues across the world, we strongly encourage vaccination.

The Caffè Lena Staff & Board of Directors
